On Wednesday we go for an adventurous and action-filled day at Rypetoppen Adventurepark. This is one of the largest and safest climbing parks in Norway. Rypetoppen Adventurepark has a continuous safety line from start to end on all trails. Here you cannot disconnect until you are safe back on the ground again. This makes the security system unique, and Europe's best one. The climbing park is idyllically situated in scenic surroundings with forests, mountains and water on all sides. Here you will be able to hover in zip lines over the water while enjoying the beautiful Brudesløret waterfall. The climbing park has 22 climbing trails in trees and rocks, including 28 zip lines. The lengths of the zip lines varies from 30 to 320 meter.

Afterwards the journey continues to Frolfjellet in Levanger where we will spend 2 nights in a Red Cross mountain cabin or you will also be able to sleep in a tipi.

On Thursday we will enjoy everything the mountain can offer, like hiking, canoeing, swimming, campfire, singing and dancing. After spending two nights here, the journey continues Levanger where we are going swimming in an indoor swimming pool. Then we will visit The Falstad Center, a museum, memorial and human rights center. The Falstad Centre is an engaging meeting place with a powerful history.

Here, you can learn about the history of imprisonment during the Second World War, as well as about democracy, human rights, and current social issues. Visit our exhibitions and take part in meaningful conversations in thought-provoking surroundings. Our last stop for the day is Bakketun in Verdal where we will stay the two last days.
